## Electronic Results Delivery

Envision Medical Imaging is committed to providing the highest quality service to patients and referrers. Electronic results delivery provides an extremely reliable and convenient means to receive your radiology. Electronic results delivery also assists us to achieve our commitment to be Australia's first carbon neutral medical imaging company (<http://envisionmi-carbonneutral.com/>).

Would you like one of our trained Medical Imaging staff to contact your practice to discuss electronic results delivery?

Yes

No

Who should we contact to discuss electronic results delivery ?

What practice management software do you use ?
